OFFICE AUTOMATION IS HERE.

SO IS OUR NEW SERIES 5000.

SO IS OUR NEW FASTRAK™ TERMINAL.

SO WE'RE READY WHEN YOU'RE READY.
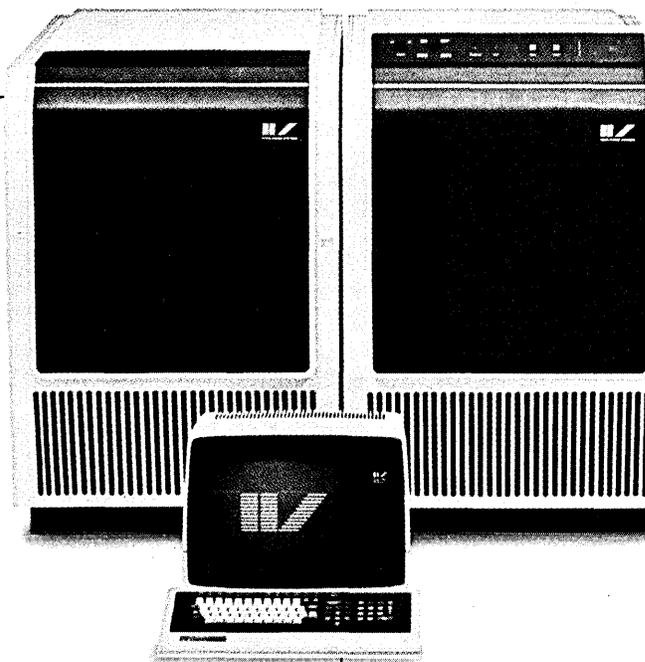

A Series 5000 is the only computer system you need to automate all your office functions. Coupled with our new FASTRAK workstation, Series 5000 supports just about every office automation function you can think of. From text editing to touch screen, Series 5000 has it all.

Series 5000 is faster and much more powerful than any computer Four-Phase has ever built. Yet it is compatible with existing Four-Phase software, including Corporate Office Management System, our new office automation package. COMS/IV incorporates electronic mail, office functions, data processing, and communications into a single integrated system.

The FASTRAK terminal is a true multifunction workstation. For instance, your secretary can switch from word processing to conference scheduling with one keystroke. At the same time, you can record and send a spoken message, examine and revise a graph in a report, or even instantly turn your terminal into a powerful personal computer that supports the CP/M® operating system.

The Series 5000 and FASTRAK workstation are available in several models. For maximum cost-effectiveness, you can tailor different systems within the same network to match specific needs. And if you have already begun piecing an office automation system together, you will be glad to know that Series 5000 systems can interface with peripherals from many office equipment vendors.

Your Four-Phase equipment is supported by one of the most extensive service networks in the industry. More than 1000 field engineering personnel in over 150 locations across the continent provide a level of expertise unique to the industry.

At Four-Phase, we were doing office automation since before it was called office automation. So we're ready when you're ready. Call us at 1-800-528-6050 extension 1599 (in Arizona call 1-800-352-0458 extension 1599). Or write Four-Phase Systems, 10700 N. De Anza Blvd., Cupertino, CA 95014, m/s 52-10A7.

CP/M is a registered trademark of Digital Research, Inc. Corporate Office Management System, COMS/IV, and FASTRAK are trademarks of Four-Phase Systems, Inc.

Series 5000 features include:
- support for up to 128 FASTRAK workstations with printers
- broadband local area networking
- up to 16 loadable character sets
- high speed direct memory access
- up to 6 M bytes memory

FASTRAK features include:
- touch-sensitive screen
- personal computer option
- voice store and forward
- high resolution graphics
- display segmentation
