

the latter, milk, and honey, mixed with a larger quantity of water. (K.)

ذراع: see ذراع and ذراع.

ذراع: see ذراع.

ذراع [a coll. gen. n.] i. q. هَضَاب [i. e. Hills; or mountains spreading over the surface of the ground; &c.]: n. un. with ة. (S, K.)

ذراع: see ذراع.

ذراع Intensely red; (S, A;) i. e. (TA) i. q. اَرْجَوَانٌ (K, TA.) = اِبِلٌ ذَرِيحَاتٌ A certain race of camels, so called in relation to a stallion named ذَرِيحٌ. (S, K.)*

ذراع: see what next follows.

ذراع and ذراع, (S, A, K,) the latter (respecting which see below) anomalous in form, (TA,) and ذراع, (K,) agreeably with analogy, (TA,) and ذراع (K) and ذراع (Fr) and ذراع and ذراع (K) and ذراع (IO) and ذراع (K) and ذراع and ذراع (ISd) and ذراع and ذراع (K) and ذراع, accord. to some, (TA,) and ذراع (ISd) and ذراع and ذراع, and the second letter [in the latter of these two forms, or in both,] is sometimes doubled by teshdeed, (K,) and sometimes the second ر is meksoorah, and the termination ة is also added thereto, (ISd,) and ذراع and ذراع and ذراع imperfectly decl., (Kr,) [The cantharis, or Spanish fly;] a kind of insect of a red colour, (S, A, K,) spotted, or speckled, with black, which flies, (S, K,) and is of a poisonous nature; (S, K;) a kind of insect larger than the common fly, variegated with red and black and yellow, having a pair of wings with which it flies, and of a deadly poisonous nature: when they desire to allay the heat of its poison, they mix it with lentils, and so mixed it becomes a remedy for him who has been bitten by a mad dog: (IO:) Ibn-Ed-Dahhán the Lexicologist says that the ذراع is a kind of fly variegated with yellow and white; and what is called فَرْخَةُ الدَّيْلَمِ by certain of the acute physicians it is described as حَيَوَانٌ ذُو دُبِّي, app. meaning a worm-like animal, of the size of the finger, and of a conical shape, the head of which is at the thickest part of it: and IDrst says that it is a flying insect, resembling the زَنْبُور [or hornet], and of a deadly poisonous nature. (TA.) It is observed in the S, with reference to ذراع, that, in the opinion of Sb, the اِكْلَامُ فَعُولٌ بَوَاحِدَةٍ meaning, there is not in the language a subst. (as distinguished from an epithet) of the measure فَعُولٌ; (marg. note in a copy of the S;) or his meaning is, [there is not a word of this measure] with damm alone; (MF;) or with a single dammeh, that is, to the ف; but with dammeh to the ف and to the ع: (IB:) and it is added in

the S, that he (Sb) used to say قُدُوسٌ and سُبُوحٌ: Sb, however, also mentions the forms سُبُوحٌ and قُدُوسٌ. (MF.) The pl. is ذَرَارِيحٌ: (S, K:) in the L, ذراع is also said to be a pl.: and Kr mentions ذراع; but AHát says that this last is only used in poetry. (TA.) Sb says that the sing. of ذَرَارِيحٌ is ذَرَحْرَحٌ, (or, in other words, that one of the [insects called] ذَرَارِيحٌ is [called] ذَرَحْرَحٌ, which is of the measure فَعْلَعْلَعٌ, and of which the dim. is ذَرِيحٌ, formed by throwing out the first ح; [not ذَرِيحِرٌ, as it would be by rule, making it of the measure فَعْلِعْلِعٌ, and its curtailed original فَعْلَع;] for there is not in the language a word of the measure فَعْلَع, except حَذَرْدٌ, (S,) which is the proper name of a man. (MF.) AHát cites a verse in which ذَرَارِيحٌ occurs as pl. of ذرنوح; but the correct reading is ذَرَارِيحٌ. (MF.)

ذراع and ذراع and ذراع: see ذراع. ذراع and ذراع: see ذراع. ذراع and ذراع and ذراع: see ذراع. ذراع: see ذراع. ذراع dim. of ذراع: see ذراع. ذراع: see ذراع. ذراع طَعَامٌ مَذْرُوعٌ Food into which cantharides (ذَرَارِيحٌ) have been put. (TA.)

ذرع

1. ذراع, [inf. n. of ذراع], in its primary acceptation, signifies The stretching forth, or extending, the arm, or fore leg: (S, TA:) [or rather, when said of a man, the fore arm; and of a beast, the arm; though the whole arm of a man is generally stretched forth with his fore arm, and the whole fore leg of a beast with his arm: and ذراع and ذراع signify the same, as will be shown by explanations of their verbs.] You say, ذراع البعير يده The camel stretched forth, or extended, his fore leg in going: and ذراع البعير ذراع The camel stretched forth, or extended, his arm (ذراع) in his going. (TA.) — ذراع, (S, Mṣb, K,) aor. ء, (Mṣb, K,) inf. n. ذراع, (S, Mṣb,) He measured it with the ذراع [or cubit]; (Mṣb, K;) namely, a garment, or piece of cloth, (S, Mṣb, K,) &c.: (S:) and ذراع بذراعه he measured it with his ذراع. (TA.) [See also 5.] — You say of a she-camel, ذراع الفلاة + She goes quickly, or swiftly, over the desert, as though measuring it; as also ذراعها + She stretches forth her fore legs and so traverses the distance of the way. (TA.) — ذراع فلاناً He

strangled, or throttled, such a one from behind him with the fore arm; (Ibn-'Abbád, K;) as also ذراع: (K:) or the latter, inf. n. ذراع, signifies, simply, he strangled, or throttled, him; (S, L;) but more properly, he put his neck between his fore arm and neck and upper arm, and so strangled, or throttled, him; and ذراع له, also, has both of these significations. (L.) — ذراع البعير, (K,) aor. and inf. n. as above, (TA,) He trod upon the arm (ذراع) of the camel, [while the latter was lying with his breast upon the ground and his fore legs folded,] in order that a person might mount him. (K.) = ذراع القى: (S, Mgh, Mṣb, K,) aor. as above, (Mgh,) and so the inf. n., (Mṣb,) Vomit overcame him, and came forth to his mouth before he was aware, (S, * Mgh, Mṣb, * K, * TA,) and issued from him: (Mgh:) or vomiting came upon him without his intending it. (Mgh.) = ذراع عنده, (Ibn-'Abbád, K,) inf. n. as above, (Ibn-'Abbád,) + He made intercession with him. (Ibn-'Abbád, K.) [Said in the TA to be tropical; I suppose because the stretching forth the arm is a common action of a person interceding.] You say, ذراع فلان عند ذراع الأمير + I made intercession for such a one with the prince. (Z, TA.) And ذراع إليه, like ذراع, (Ibn-'Abbád, K,) inf. n. ذراع, (TK,) + He made intercession to him. (Ibn-'Abbád, K.) In the O, ذراع + He made intercession [by him]. (TA.) = ذراع, aor. ء, He drank from a skin (زق) such as is called ذراع. (K.) = ذراع رجلاه His legs became tired, or fatigued. (Ibn-'Abbád, K.) = ذراع [app. an inf. n., of which the verb is ذراع,] The being wide in step, (S, TA,) and light, or active, in pace, or going. (TA.)

2. ذراع, (S, K, &c.) inf. n. ذراع: (S:) see 1, first sentence. — Also He spread himself out widely, (El-Moheet, L, K,) and stretched forth his fore arms, (El-Moheet, L,) in swimming: (El-Moheet, L, K:) said of a man. (El-Moheet, L.) — He (a man) raised his fore arms; and particularly, in announcing good tidings or in warning: (TA:) or he (an announcer of good tidings) made a sign with his arm, or hand. (S, K.) — ذراع في المشى He moved about his fore arms in walking, or going along. (S, K.) And ذراع في السعى, (L, TA,) in the O and Moheet and K, erroneously, ذراع في السعى, (TA,) He helped himself with his arms, and moved them about, (O, El-Moheet, L, K,) in walking, or walking quickly, or running. (L.) — ذراع لي ذراعاً + He acquainted me with somewhat of his tidings, or case; (K, TA;) [as though he stretched forth his arm with his information;] said by one who has asked another respecting his case. (TA.) — [And hence, app.,] ذراع بكذا + He acknowledged, or confessed, such a thing. (K, TA.) — ذراع له and ذراع فلاناً: see 1. — [Hence, perhaps,] ذراع, inf. n. as above, + He killed him; or slew him. (TA.) — ذراع البعير, and ذراع له, He bound both of the arms of the camel [to the shanks]: (K:) and the latter, he
